

Perfect for Hospital and Home

The Safe Mat and Super Safe Mat

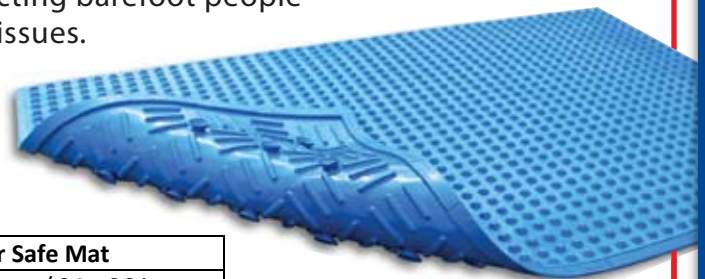

Ideal for Airport Security Checkpoints, hospital settings, elderly homes or any other areas where shoes are removed.

- The only Anti-Microbial mat that will last for years, with a true Ergomat warranty!
- Suction cups under the mat that will prevent slipping hazard for people stepping onto the mat.
- No tape to remove, no residues left on the floor that could create bacterial accumulation; easy for the cleaning crews to clean under the mats and the mats themselves!
- FDA Compliant
- Protects against virus and fungus
- The true "Green solution"; limited waste since this is the only anti-microbial mat that will last for years while protecting barefoot people from contamination issues.
- Blue color that makes the areas "to walk on" easy to see!
